Why Not Just Pay To Get On The Ballot?

The [I-Caucus](#) overwhelmingly endorsed Jim's message of liberty and the restoration of America by stating that he has been, "Citizen Vetted, Citizen Endorsed." As the only grassroots campaign, we are working very hard to get Jim on the ballot the old fashioned way, by going to the people and having them sign a ballot nomination Petition. This is rarely done anymore because it is a tough fight, but that is what our campaign is all about!
